Covid and New Hanover County: Mr. Campbell will be sharing an overview of COVID-19 in New Hanover County related to community impact, vaccination status, treatment options and what the future landscape of COVID-19 may look like.

Johathan Campbell is a Physician Assistant and has worked in Emergency Medicine for 13 years with two deployments to Afghanistan and Iraq as member of the Army National Guard. He was the lead military officer of the National Guard team assisting New Hanover County for a year with COVID-19 vaccination efforts prior to the creation of the Pandemic Operations Team. In his role with New Hanover County, he manages the Pandemic Operations Team that is currently focused on supporting the community through COVID-19 response and monitoring global events to ensure our community is fully equipped to navigate any future pandemic. He and his wife have two children and have lived in Wilmington for seven years.

Dear fellow Rotarians,

I've been on a fly fishing vacation to Last Chance, Idaho and Southern Montana over the past 2 weeks fishing the Henry's Fork of the Snake River in Idaho and the Madison River in Montana. Just being out there in the dry weather with 78 degree highs and 40 degree lows was a welcome break from the heat and humidity of Wilmington. I caught and released several rainbow, brown, and cutthroat trout between 15" and 20" long, but as usual the big ones popped my line and got away.

Here's some Rotary corny jokes:

Two blonds walk into a building.....you'd think at least one of them would have seen it.

What do you call a fish with no eyes? A fish.

Man goes to the doctor, with a strawberry growing out of his head. Doc says "I'll give you some cream to put on it."

Everyone is encouraged to attend Rotary tomorrow. Including you...Michael B. and Chris D.
