Dale Elks presented Jake Young with his pin for 1+ years as a Paul Harris Society member.

Dale also mentioned a 2pm Zoom call with our contact for the Mexico project. All interested club members were invited to participate.

President Tom Hussmann introduced Randall Parker as our speaker.

Tom also asked that we do the Happy Dollar match today for the Salvation Army as a thank you for hosting and feeding us.

Randall Parker spoke on Technology in the Automobile industry. He started talking about the six levels of self-driving vehicles. The first self driving feature was cruise control. Levels 2 and 3 do not recognize stop lights. Level 5 does not recognize unusual circumstances.

Randall went on to talk about the Electric car development. 13 states have mandated that they will be all electric in the future. Randall pointed out that it took people 25 to 30 years to transition from horses to automobiles.

Randall's talk was very interesting and informative.

The almost \$10,000 is still intact with no winner this week.

The meeting was closed by President Tom Hussmann.
