Polio Plus

Polio is a crippling and potentially fatal infectious disease. There is no cure, but there are safe and effective vaccines. The strategy to eradicate polio is based on preventing infection by immunizing every child until transmission stops and the world is polio-free. Until polio is eradicated everywhere, no unvaccinated child is safe anywhere. Since 1985 Rotary has led the battle against polio and kept the pressure on as worldwide cases plummeted from 350,000 per year to several hundred. Rotarians have helped immunize more than 2 billion children against polio in 122 countries. For as little as \$0.60, a child can be protected against this crippling disease for life. Lack of funding will decrease immunization rates in polio-affected countries.

C.A.R.T. Fund

Coins for Alzheimers Research Trust - C.A.R.T.

The CART Fund is dedicated to raising funds to provide "seed" money for cutting edge, high impact research in hopes of finding a cure/prevention for Alzheimer's disease. The goal of the Fund is to encourage exploratory and developmental AD research projects within the United States. This is accomplished by providing financial support for the early and conceptual plans of those projects that may not yet be supported by extensive preliminary data but have the potential to substantially advance biomedical research.

Happy New Year!

Are you ready for a new club year?

Rotary International President-elect Jennifer Jones wants members to imagine the possibilities in the change they can make to transform the world.

Rotary International Theme for 2022-2023 theme Imagine Rotary. "Imagine, a world that deserves our best, where we get up each day knowing that we can make a difference."

The theme is a special one: the theme graphic was designed by an Australian Indigenous artist to link with the Melbourne Convention in 2023.

Some of the symbolism includes:

Circle connections to one another Dots around it - our people

There are 7 Dots for Rotary's 7 areas of focus

Circle + dots around it - a navigation star, our guiding light

Green solid line - digging stick (used when doing hard work); for us it's People of Action, represents the tools for getting things done

The colours purple, green & white - celebrate diversity, equity and inclusion Freedom to express ourselves differently but still with a special connection

Purple is also the colour of Rotary's Polio campaign

Green represents the Environment

White stands for peace; it also represents Empowerment and Newness and also the colours were utilised for the women's movement, highlighting the opportunity to grow our female membership.
