## Last Week's Program

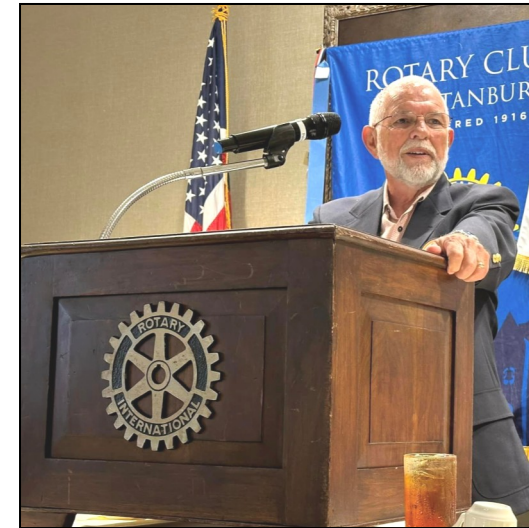

Dr. Stephen Allen with SWITCH told the club they are a faith based non-profit whose mission is to eradicate sex trafficking. Most trafficked people are hidden in plain sight, says Dr. Allen. He told us this is a \$150 Billion industry. The common age for a person trafficked is 12-16 years old. He pointed out many "red flags" of human trafficking., and what you should do if you suspect someone is being trafficked, including several numbers to contact. Greenville is the top county in SC for trafficking cases, with Spartanburg #5.
