Last Week's Program

Mitch Kennedy gave a presentation last week on the Highland Transformation Project, which is a neighborhood redevelopment plan that is based on leading through the lens of racial equity. City Council is working directly with the stakeholders in the neighborhood for their input for community investments. He pointed out that 55% of the residents in the neighborhood receive some type of rental assistance. The plan guides the redevelopment of the neighborhood while allowing residents to stay and benefit from the community's improvement.

God bless America,
Land that I love,
Stand beside her, and guide her
Through the night with a light from above.

From the mountains, to the prairies,
To the oceans, white with foam
God bless America, My home sweet home
