Today's Program

Pledge of Allegiance

Today's Invocation: Lindsay Garrity

Today's Music: Samuel Kim

Health & Happiness: BG Kondaveeti

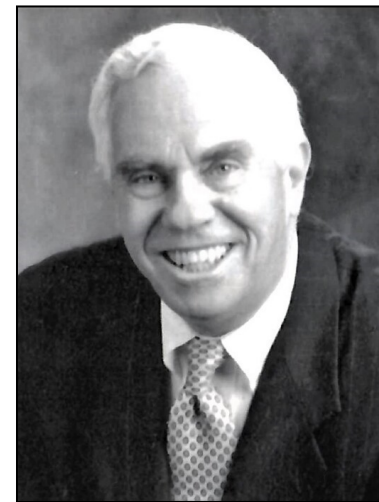

Today's Program: WSPA News Channel 7 - Diane Lee

Last Week's Program

Dr. Thomas Mullikin told the Club about Climate Change, noting that last year 10 million acres burned in the US. We've seen an increase in flooding and sea level rise. NASA's website has an image of our atmosphere on it. It is like a blanket for our planet. The fibers of greenhouse gases make up the blanket. The sources of greenhouse gases are: transportation, energy, industry, commercial, residential, and agricultural. By 2024 SC will have the largest reduction of greenhouse gases in the world. How? By taking 4 coal plants offline and replacing that capacity with solar. This will be a 20% reduction. The goal is to reduce greenhouse gases and increase economic output. He believes SC will lead the way.

Upcoming Programs

July 5 NO MEETING

John Michael "Mike" Kohler Jr.

December 26, 1934 ~ June 25, 2022

Please remember the Kohler family in your prayers.

Congratulations to Scott Girouard who received his PHF +4 pin at our meeting last week.

Birthdays

June 28 Chris Couchell

July 4 Ann Angermeier
