Last Week's Program

Maggie McMahon, a fellow Rotarian who does marketing and development for Hospice And Palliative Care Foundation, delivered a powerful presentation on the work of her organization. They work with all agencies to provide folks end of life care (hospice) and help with lasting conditions (palliative). They are funded 100% by grants and donations and 81% of every dollar goes into programs. One of their most popular programs is Camp Hands of Hope which serves children after the loss of a loved one. In the past 10 years they have provided \$1.7M in support of families. This could be everything from a lift chair to helping with mortgage payments.
