Speaker of the Week - Bill Cannon

Bill began his career in Louisville, KY as a business development consultant. The year was 1979. In 1992 he founded EcoPal, Inc., a startup that became very successful as a multi-faceted Joint Venture whose business included the implementation and execution on general oil services, and oil rig maintenance and restoration contracts for PEMEX (Petroleo de Mexico). As a prominent importer/exporter throughout Central America, EcoPal has also used its knowledge and position to focus on the sales and distribution of consumer electronics and agricultural products in the hemisphere.

Bill sold out his interest in 2002 and soon started a boutique alternative energy company. That foray into the ecological side of energy production led Bill to an introduction into the possibilities that beneficial microbes could offer mankind. Now, he is CEO of Fertile Ground, an agricultural biotech.

Bill is a graduate of Wabash College and was married to Michelle for 38 years, until her passing in 2019. They raised two children in North Carolina before moving to Daniel Island in 2012. Bill is also a passionate Rotarian, holding numerous leadership positions in the Club since joining in 2013. He is the immediate Past President of the Daniel Island Club and currently an Assistant District Governor. Bill is one of those rare individuals that always "steps-up-to-the-plate" - as he has again done as Founder and Leader of the Rotary Ready Project to eradicate Covid-19 from South Carolina.

March 30th - No meeting.

Survey - President-elect Michael emailed a survey to all members last week. If you have not yet completed the survey, please take a few minutes to do so. It should take no more than 5 minutes of your time. Your responses are very important in helping us plan for the next Rotary year and also to the continued health and growth of our club.

WE NEED SPEAKERS FOR ALL UPCOMING MEETINGS!
