

Rotary

Club of Groton

I would like to welcome you all to the April 9th update, The last couple of weeks we have had three great organizations come in to speak with us. On March 26th the Aluminum Fitch Robotics team came in and did a presentation for us asking for Lego Kits to help with their Summer Camps. This group is one of the best teams in the State and is in our town, any. questions please contact me Thank you Hall Family.

The next group was Habitat For Humanity presented by Cindy Jordan. Cindy talked about Restore and buildings throughout the area. She talked about Volunteerism and all the different ways we can support the group. Another organization with great ties to the community. Third group came in today the 9th and talked about the Mystic Noank Library, they are asking us for Technology package for the kids and adults. Both Loren and Karen made a wonderful pitch that we look forward to talking about this month.

All three groups will be sending in formal request in the upcoming weeks for us to discuss, if anyone has any questions on any of these groups please contact me at richkent88@gmail.com.

Finally I would like to say we need everyones help on this years golf tournament please help us find foresomes and or sponsorships (tee, corporate, scholarship), all help small or large is very appreciative. We also need raffle prizes for the raffle so nothing is to small.

Please look at the upcoming events listed below to see where we will be in the upcoming days and weeks, we look forward to spending time with you helping our community grow.
