# Highlights from our... *Last Meeting*

Clean water, sanitation, and hygiene education are basic necessities for a healthy environment and a productive life. When people have access to clean water and sanitation, water-

borne diseases decrease, children stay healthier and attend school more regularly, mothers can spend less time carrying water and more time helping their families.

## HOW ROTARY MAKES IT HAPPEN

Through water sanitation and hygiene (WASH) programs, Rotary's people of action mobilise resources from partnerships, and invest in infrastructure and training that yield long-term change

A rare opportunity to catch the  
**Rotary International Conference**  
in Australia!
